

Safe for keys

Safe house Blueberry

The house has two entry doors, the front and the back. Front entry is located on the side of the parking and the back entry is where the garden is. Go the back entry and take the stairs to a veranda, it is always open. Next to the doors on the left you can find a small safe. The code is always sent in the contract and has five digits. Upon entering the code combination the safe will open. The keys are inside an envelope with a name and basic information. In case that you enter the wrong combination three times, the safe will block for five minutes. In case of emergency call +420 777 201 423 (nonstop).

Safe house Wildbach

The house has two entries, one from the parking and the other from the side where the road is. On the side entry, you can also find a veranda which is always open. The safe is on the wall next to the window. The procedure with the safe is same as in house Blueberry.

Safe Kaprun

The safe is located on the right of the entry doors to the house. Those are always open. The procedure with the safe is the same as with the previous houses.
